# NEW IGE FACTORY NOW IN OPERATION

First Ice Will be Pulled from That Institution Today.

UP-TO-DATE PLANT

Has a Capacity of Thirty Tons per Day, and the Addition Gives Gainesville Distinction of Being Fourth City in Florida in Ice Making.

With the firing of the furnaces of day morning, there is added another great industry in the manufacturing line to Gainesville, which is rapidly becoming to rank with the rest of the larger cities of the State in this line.

This plant is no small affair. The est Columbus pattern, which is said turing of ice in the State, being exceeded only by Jacksonville, Tampa and Pensacola. The combined capacity of the ice factories of this city will now reach seventy tons, which is a lot of ice.

On starting up the process requires several hours before the ice can be turned out. The management of the new plant expects to turn out their first products today, and in future will contribute its share of "cool comfort."

The necessity for this additional factory was occasioned by the heavy demand for ice for refrigeration purposes. Gainesville being in the center of a large vegetable and fruit producing ection, great quantities of ice is used in refrigerating the cars, and upon several occasions it has become quate to accommodate the demand.

The new factory will employ a large number of men, and will necessarily prove of great commercial benefit to the city.

Tom McFadden, colored, better known at "Possum" McFadden, possibly because he has the art of "possuming" on the officers, was arraigned in Justice Colman's court upon a

tharge of carrying concealed weapons. The evidence, however, was not sufficiently convincing to hold the defendant, and he was released.

## TRAINS ANNULLED.

Night Trains Between Jacksonville and St. Petersburg Are Taken Off.

The night trains over the Atlantic Coast Line between Jacksonville and St. Petersburg, known at Nos. 37 and 38, which have been successfully necessary to order from other points, operated during the season just closed, the supply here being entirely inade have been annulled for the summer, the last train leaving Jacksonville Sunday and St. Petersburg Monday.

> This service has proved very convenient to the traveling public, and the night trains will be missed.

Nothing more has been said in reference to the train which it was rumored would be placed in commission between Ocala and Jacksonville, making a round trip each day. This train would not only prove a great convenience to patrons along the line, but it is the opinion of the conservative railroad man that it would prove a money-maker. It is hoped that the service will be inaugurated.

Following the annulment of Trains 37 and 38, it is rumored that a through fast express between Jacksonville and St. Petersburg will be inaugurated to that everything good to eat was in- handle the enormous movement of perishable freight which has hereto-Judge Carter, who is one of Ala-fore been handled by the night

# Baseball "No Go."

Nothwithstanding the efforts of a few enthusiastic local fans who have exercised every effort to create a State baseball league, it appears that the issue is a dead one here, as it bas been impossible to get a sufficient number of our people interested to even attend a meeting.

Gainesville was for years the banner baseball town of the State, and the old Oak Halls will ever remain fresh in the memory of baseball enthusiasts all over Florida, as this team held the championship as long as they were together; but the interest has lagged until it has become dormant, and the chances for reorganization are anything but encouraging.

It was the idea of those interested here to form a State league of Gainesville, Ocala, Palatka, Orlando and other important towns.
